EXPERIENCE

Full Stack Developer

A One Salasar Pvt Ltd

Oct 2024 - Present

- Worked in a team specifically assigned to build applications from scratch under tight deadlines and pressure.
- Designed and developed the vendor, buyer, and admin sides of the E-Banking Auction for seamless functionality.

Full Stack Developer Intern

A One Salasar Pvt Ltd

Jul 2024 - Oct 2024

- Gained hands-on experience in developing and maintaining full-stack web applications with a focus on auction-based platforms.
- Contributed to backend development using PHP, SQL and CodeIgniter 4 ensuring robust performance and scalability.

PROJECTS

Blog Website with Admin Panel

[Live](#) [Github](#)

Tech Stack:- React.js, Express.js Node.js, MongoDB, bcrypt, JWT, Zod, react-toastify

- Developed a robust blog website with CRUD operations and an admin panel for content management.
- Implemented secure user authentication using JSON Web Tokens (JWT) and password hashing with bcrypt.js to ensure data security.
- Ensured reliable registration and login form validation using Zod for enhanced security and error handling.

Call Log - CRM

Tech Stack:- HTML, CSS, Javascript (jquery), PHP, SQL, Codeigniter 4

- Developed a call management interface for 50+ employees, enabling efficient access to a 3-lakh-record database.
- Optimized SQL queries to efficiently retrieve data from a 3-lakh record database, reducing loading time to 1.5 seconds.
- Enabled employees to search numbers, submit call-related tags, and view participation and last-call history seamlessly.

Myntra Functional Clone Website

[Live](#) [Github](#)

Tech Stack:- React.js with redux toolkit

- Built a user-friendly Myntra clone with seamless browsing, wishlist, and shopping cart functionality.
- Implemented dynamic price updates in the cart for an enhanced shopping experience.

SALASAR AUCTION Landing Page

[Live](#)

Tech Stack: PHP, JavaScript (jQuery), SQL, HTML/CSS, Webteck Theme Integration

- Built a responsive landing page for Salasar Auction using the Webteck theme from ThemeHoly, ensuring seamless integration.
- Developed a back-end for user-generated content with a Lighthouse score of 85.
