EXPERIENCE

FULL STACK Developer
PefectlyOkay

📅 June 2025 - Present

- Working as a core part of the product development team, building and enhancing scalable, secure web applications using MERN stack.
- Built a robust spin reward game system to drive user engagement, enabling prize distribution, luxury prize including product and points.

Full Stack Developer
A One Salasar Pvt Ltd

📅 Oct 2024 - April 2025

- Worked in a team specifically assigned to build applications from scratch under tight deadlines and pressure.
- Developed a secure, high-performance E-Banking Auction platform with modules for vendors, buyers, and administrators.

Full Stack Developer Intern
A One Salasar Pvt Ltd

📅 Jul 2024 - Oct 2024

- Gained hands-on experience in developing and maintaining full-stack web applications with a focus on auction-based platforms.

PROJECTS

Blog Website with Admin Panel

🔗 live Github

Tech Stack:- React.js, Express.js, Node.js, MongoDB, bcrypt, JWT, Zod, react-toastify

- Developed a robust blog website with CRUD operations and an admin panel for content management.
- Implemented secure user authentication using JSON Web Tokens JWT and password hashing with bcrypt.js to ensure data security.
- Ensured reliable registration and login form validation using Zod for enhanced security and error handling.

Call Log - CRM

Tech Stack:- jquery, PHP, SQL, Codeigniter4

- Developed a call management interface for 50 employees, enabling efficient access to a 3-lakh-record database.
- Optimized SQL queries to efficiently retrieve data from a 3-lakh record database, reducing loading time to 1.5 seconds.
- Enabled employees to search numbers, submit call-related tags, and view participation and last-call history seamlessly.

Myntra Functional Clone Website

🔗 live Github

Tech Stack:- React.js with redux toolkit

- Built a user-friendly Myntra clone with seamless browsing, wishlist, and shopping cart functionality.
- Implemented dynamic price updates in the cart for an enhanced shopping experience.

SALASAR AUCTION Landing Page

🔗 live

Tech Stack:- PHP, jQuery, SQL, Webteck Theme Integration

- Built a landing page for Salasar Auction using the Webteck theme, seamlessly integrated with a custom back-end for user-generated content, achieving a Lighthouse score of 85.

EDUCATION

BCA
Vikas College of Arts, Science & commerce

📅 2023

CGPA
7.6/10 (72%)

SKILLS

Languages

React   **Next.js**   **Express**

Node.js   **MongoDB**   **PHP**   **SQL**

TypeScript

Libraries/framework

JQuery   **Redux**   **Socket.io**

CodeIgniter 4   **Bootstrap**

Developer tools

Git & GitHub   **Sourcetree**   **Vercel**

REST API   **OWASP Top10**

VOLUNTARY EXPERIENCE

ASSISTANT
T&N Asbestos Trust
Working as an assistant for almost 1 year, conducting PFT tests, X-ray checks, shortlisting, and filling out forms. These efforts supported individuals affected by asbestos exposure.
